

Math 8 Samuel Robertson Technical Senior Secondary

Welcome to Math 8 at SRT. As mentioned on the front please take the time to read the course outline and have your parents review as well. Math 8 is a challenging course and by keeping up on your daily assignments and reviewing for upcoming tests and quizzes you will ensure a successful year. An emphasis is placed on the development of mental math skills, therefore, students will be asked to work without calculators unless directed by the teacher.

Course Outline

- Unit 1: Square Roots & Pythagorean Theorem
- Unit 2: Integers
- Unit 3: Fractions
- Unit 4: Measuring Prisms & Cylinders
- Unit 5: Percent, Ratio & Rate
- Unit 6: Linear Equations & Graphing
- Unit 7: Data Analysis & Probability
- Unit 8: Geometry

Evaluation

Homework – 20%

Assessment quizzes – 20%

Tests - 60%

Grading Scale (science & math)

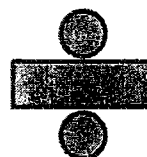

86%- 100%	A
73-85%	B
67-72%	C+
60-66%	C
50-59	C-
0-49%	F

Classroom Expectations and homework guidelines remain the same in math as they do in science.

At the end of each math and science term, there will be a midterm/final exam which combined will count towards 20% of your final mark in the course. The exams will include elements from all topics covered during that term.

You may e-mail me anytime with any concerns, questions or clarification.

Sincerely, Robyn Sheridan
